Seeing as all my reindeer are sick, it looks like you'll have to pull my sleigh tonight, Bud.
But how? I can't fly.

Not to worry! These magical flying antlers will help with that. I took 'em from Blitzen since he doesn't need 'em now.
POFF
Umm...

But my nose doesn't light up, either.
How will you find your way through the dark, Santa?

Oh, navigation is no problem with GPS!
The real reason I need Rudolph on my team these days is to avoid airplane collisions.

You wouldn't believe how many deer I've had to replace that got sucked up into jet engines.
Mmmyep.
Too many.

But fret not, my faithful pooch!
Santa has solutions for everything!
